*welcome!*

Thank you so much for choosing me for your newborn portraits! Photos are soooo important to me! They capture memories. Children grow and change so much over the years. Babies it is even faster...the first few days fly by. Photography freezes that little slice of time! I absolutely love true, genuine emotion in photos.

- complete contract
- return questionnaire
- expect prep guide

### during:

- relax and let me do my job!

### after:

## investment

A newborn session is \$475 for 90 minutes in-studio. Sleepy baby photos are best when he or she is less than 8 days old. Older infants may or may not cooperate. Parents and siblings are welcome but not mandatory. The session includes digital images with full printing rights. Print pricing is available upon request.

## hello, I am Alicia...

It is an honor you are here! I absolutely love, love, love photography! That is me and my family in the photo above. I have been a photography hobbyist since childhood. My husband gifted me a class in 2016 and I've been working hard ever since. It is so much fun to capture life's moments.

I want your family to have an amazing experience during this session. Do not stress! The plan is to enjoy and take beautiful photos along the way. I cannot wait to work with you and capture your newborn's personality and story!
